Air Force Veteran and Aspiring Cybersecurity Professional pursuing a degree in Computer Information Systems.

- Python
- Javascript
- Structured Query Language (SQL)
- Hypertext Markup Language (HTML)
- Cascading Style Sheets (CSS)
- Command-Line Interface (CLI)
- AWS Identity Access Management (IAM)
- Azure Virtual Machine (VM)
- Linux Operating System
- Visual Studio Environment
- Spyder Environment
- Microsoft
- Tech Problem Solving
- Written Communication
- Oral Communication
- Detail Oriented
- Team Collaboration
- Leadership

EDUCATION

DeVry University | Virtual Learning

2021- Present

In Pursuit | Bachelor of Science, Computer Information Systems | Cybersecurity Programming Concentration
Completed Relevant Coursework:

- Database Systems and Programming Fundamentals | Data analysis, modeling, SQL, and DBMS
- Intermediate Programming | C# structured and object-oriented program development
- Fundamentals of Infrastructure Security | Infrastructure security implementation
- Fundamentals of Information System Security | Information security attacks/defense mechanisms
- Fundamentals of Cloud Computing | Virtualization and cloud computing
- Fundamentals of Information Technology and Networking | Network troubleshooting and security
- Introduction to Operating Systems | Operating system concepts
- Introduction to Programming | Python
- Introduction to Technology and Information Systems | IoT networking, computing, and devices

Amazon Web Services | A Cloud Guru

2023- Present

In Pursuit | Linux Security | CompTIA Security+, CompTIA Linux+, CompTIA CySA+, and
CompTIA PenTest+

Completed Relevant Coursework:

- AWS Cloud Security Fundamentals

PROFESSIONAL EXPERIENCE

United States Air Force | Security Forces Supervisor

2014-2022

Entry Controller | Patrolman | Flight Trainer | Base Operations Controller | Custody Forces | Area Supervisor

- Trained and mentored junior personnel through base security procedures with a 100% pass rate.
- Remodeled visitor access control system ensuring more effective record management of visitor limits.
